

Agonafer Named Fellow of AAAS

The American Association for the Advancement of Science has announced that it has named Mechanical & Aerospace Engineering Professor Dereje Agonafer a Fellow of the organization. The AAAS is an international non-profit organization dedicated to advancing science around the world. Fellows of the association are individuals whose efforts on behalf of the advancement of science or its applications are scientifically or socially distinguished and who have made significant contributions in research; teaching; technology; services to professional societies; administration in academe, industry, government and other institutions; and communicating and interpreting science to the public. Dr. Agonafer is also a Fellow of the ASME.
